HOW TO USE THIS CALENDAR

In the Gulf, congresses are one of the fastest ways in.

Distributors, hospital buyers and key clinicians are in the same place for a few days. The hard part is planning around them: dates come out at different times, across six countries and dozens of websites. This calendar puts 2027 in one place so you can decide where your trade show budget goes before the year starts.

01

Pick your specialty

Go to the specialty index at the end and list the events that match your product.

02

Check the month

Each event shows the dates, the city, who attends and what products it suits.

03

Confirm before you book

Look at the status of each date. Anything not confirmed needs a check on the official site.

How reliable is each date?

CONFIRMED

Dates published on the official site. 18 events.

LISTED

Dates only on third-party listings. 7 events.

EXPECTED

No 2027 date yet. Placed in the month of the last edition. 35 events.

One note: organisers sometimes move dates, and several 2026 Gulf events were postponed to 2027. Check the official site before you book flights or a stand.

What changes after 2027

- **WHX Dubai moves to March from 2028.** Official dates: 20–23 March 2028.
- **WISH Doha is biennial.** The last edition was November 2026, so there is no edition in 2027.
- **The FDI World Dental Congress** comes to Bahrain in 2028.
- **Global Health Riyadh skipped 2026.** The physical show returns on 25–28 October 2027.

YOUR TURN

Know which events are worth your budget in 2027.

A stand at the wrong show costs the same as a stand at the right one. On a 30-minute call we look at your product and your target countries, and pick the events where your distributors and buyers will actually be.

1. Which 3 or 4 events fit your product and markets
2. Exhibit, visit or skip: what each one is worth
3. How to book meetings with distributors before you fly
